Montague Center

To Whom it May Concern,

I am writing as a former member of the Montague EDIC and the CAC. I was a member of the CAC when the contract between the Town and MCCI was renewed after several years of acrimony.

At the time of my membership on the MEDIC, the Committee had voted to accept a proposal from MCCI for the occupation of the "Cumby" building. As I remember the situation, there were some issues concerning the EDIC's compliance with state regulations and therefore the process was temporarily halted.

Irrespective of the past, I encourage the EDIC to enter into renewed negotiation with MCCI for the use of the building. As one of only two organizations providing information and news to the Montague Community, it is imperative that MCCI receive as much Town support as possible. The renovated space will allow the organization to not only maintain their mission by providing valuable information to Town residents, but will allow the organization to provide increased programming for the Community. At this time in history it is imperative to support organizations that keep residents of Montague informed about all aspects of Town, especially Town Government and the Schools as well as cultural events.

Thank you for your consideration,

Sincerely,

Roy Rosenblatt
